Complete Dynamic Dashboard

Description:-

The Objective can be down into the following detailed components:

1: Dashboard creation

Identify the KPIs , design an intuitive and visually appealing dashboard ,add interactive visualizations and filtering capabilities to allow users to explore the data at various levels of granularity

2: Data Analysis

Provide valuable insights to business entities regarding the effectiveness of their sales strategies through visualizations and charts

3: Sales Forecasting:

Leverage historic data and apply time series analysis to generate sales forecasts for next 15 days

4: Actionable Insights and Recommendations

End goal is to share valuable insights and actionable information that can drive strategic decision-making and support the supermarket's goals for growth, efficiency and customer satisfaction

Objective:

To Contribute to the success of a business by utilizing data analysis techniques, specifically focusing on time series analysis, to provide valuable insights and accurate sales forecasting
